F1 & J1 STUDENTS: BRINGING
SPOUSE & CHILDREN on F2 or J2 VISA

To bring a spouse or child to the United States, a student needs to obtain a new Form I-20 (for F2) or DS-2019 (for J2) for your dependents to apply for dependent visas at the US embassy or consulate overseas. F2 and J2 visas are only for immediate family members (spouse and children). In order for the International Students and Scholars Office to issue the I-20 / DS-2019 for your family, you must show financial support for each accompanying family member for the expected time necessary to complete the degree. For those who need more than two years to complete your degree program, you need to provide evidence of financial support for only two years.

Minimum required support for one year:

For husband or wife: \$ 11,232
 For one child: \$ 7,032
 Each additional child: \$ 4,200

Proof of funding may either be a bank statement from within the last six months, a letter from your academic department detailing your assistantship or fellowship, or a letter from your sponsor. All family members should be covered by medical insurance while they are here in the United States (J2s are legally required to be covered). Once the ISSO has all the required documentation, it may take us 3 to 5 working days to process I-20 / DS-2019.

Please fill out the form with your family information **EXACTLY** as it appears in the passports:
